## Projects

### 1) Shopping Website (Creamy cakes website using pure HTML5 )

GitHub Link(<https://dhananjay9922.github.io/Creamy-cakes-Website/>)

In this project I have create a static website for the cake shop in this website user can see all products with prices and can navigate different pages.

### 2) Developing India's own messenger application like WhatsApp with some additional features

This application is same like as WhatsApp but there are some additional features are added. Using Android studio, Java ,Kotlin.

### 3) Personal Portfolio (In Progress)

GitHub Link(<https://dhananjay9922.github.io/portfolio/>)

In this project I have create a simple portfolio website which shows my skills and shows basic details about me.
